SUBJECT: Weekly Activities Report #9
22 February - 1 March 1955SIGNIFICANT ITEMSa. Progress Report on Special Air Force Training Program

On Monday, 28 February, Messrs. [] of this office met with Colonels Gible and Talbott of the Air Force. The training will take place in [] which is now undergoing remodeling to accommodate the Air Force staff responsible for supervising this program plus our instructor personnel and approximately 20 students. The Colonels advised that they would let me know by the end of this week a firm target date for the commencement of this program, which might now be 11 or 18 April. We discussed at this meeting the problems involved in covertly training 20 officers as a group, and pointed out that practical work and live problems would have to be kept to a minimum. Because of the pressing need of the U.S.A.F. to get these officers to the field at the earliest possible date, they advised they would have to be satisfied with the best possible instruction under the circumstances. They further agreed to consider a suggestion to turn over five instructors to us at a future date permitting us to train these men at one of our safehouses and run them into all the practical work and live problems we furnish other ordinary covert trainees.
